

FOSS4G 2010 Barcelona

FOSS4G 2010 Barcelona

FOSS4G 2010 Barcelona

FOSS4G is the annual conference for Open Source Geospatial Software organized by OSGeo. It is heralded as the international "gathering of tribes" of open source geospatial communities, where developers and users show off their latest software and projects, and in 2010 will meet in Barcelona, Spain.
